Dimensions ///

Operation Instruction ///

- Remove the product from its packaging and slowly unfold it.
- Align the Sun Shade (the silver side facing outwards) with the windshield from inside the vehicle. Put the flat edge downwards and the curved edge upwards. Make sure the shorter edges are towards the rearview mirror.
- Put one on the windshield, then lower your vehicle's sun visor to secure it in place. Repeat the steps for the other piece to finish the installation.
- Finish the corner fabric to cover the windshield better.

Folding Method ///

- Align the two steel rings one on top of the other and keep the frame flat.
- Place your hands on both ends of the shades, palms facing down.
- Bring your palms together to arch the shade.
- Turn your palms up and the shade will begin to fold in on itself.

- Fold the ends one on top of the other.
- Finish folding the shade into a small circular fold and place in storage bag.

Features ///

- Titanium silver fabric is better shading and less prone to wrinkling.
- Includes a storage bag for more convenient storage.
- Reinforced steel ring, is not easy to break.
- Two-piece design for better fit for any windshield.

Troubleshooting ///

Not Keeping Cool	● Check to ensure the silver side faces outwards and black side inwards.
Deformation	● Do not crush the product when folding.
